

Wayde Audio Amplifier

----- Limited Warranty-----

Thank you for purchasing a Wayde Audio Amplifier. Each amp is hand built in Santa Clara California and made to be enjoyed for a lifetime. In the off chance something goes wrong with the amp we want to know about it and will fix it. Improving what is already a great amp is our passion. The sprit of the amp will live forever.

New Wayde Audio amps are covered by a 1 year warranty against failure of parts/materials and workmanship to the original registered purchaser. Defects in workmanship will be determined by Wayde Audio. Speakers, tubes and transformers are warranted for a period of ninety days. No other warranty applies. This warrant only applies if the amplifier has not been damaged by misuse or abuse in any way, or as the result of modification or repair. Wear and tear is not covered by the warranty, it's expected and adds to the character of the amp. Wayde Audio reserves the right to incorporate any design changes, without notice or obligation of these changes, and use them in products previously purchased.

Talk to us and obtain a return authorization number from Wayde Audio before your amp is returned for repair. In many cases we will be able to provide technical advice to avoid the need to ship the amp. After 90 days of purchase all shipping costs to/from Wayde Audio are the owners responsibility. Wayde Audio will be responsible for authorized repair center or factory-to-customer shipping cost to the original owner for only the first 90 days of ownership. Wayde Audio will not be held responsible shipping damage caused by improper shipping to the factory.

Please enjoy the amp as much as I've enjoyed designing and building them -Wayde
